Well, Ted, I'm just going to ask you a couple questions about how you've been doing. Tell me a little bit about the problem that you came for and what it was keeping you from doing that you wanted to be able to do.

00:00:13 Eddie

OK, I had numbness in my toe area of my foot in that in that part of the foot and I'd say, but you know, sometimes when you're driving and you don't have good feeling there, you know it's it affects it a little bit, so that was important thing to consider the driving.

00:00:33 Speaker 1

Yeah.

00:00:33 Eddie

Priority number one and I had heard about Alternative Regenerative Care earlier I had some knee treatment done and so I wanted to try this when it became available and so far so good. It's it's improving it.

00:00:51 Speaker 1

That's awesome.

00:00:51 Eddie

Improving the feeling 'cause it was pretty numb down there when I came.

00:00:54 Speaker 1

So what changes have you noticed so far?

00:00:58 Eddie

Better feeling in that whole area really and it's been very rewarding that it has improved.

00:01:05 Speaker 1

Good. How is it changed your life to start to get that feeling back?

00:01:10 Eddie

Well, I, just it's important because you want to feel your feet.

00:01:15 Speaker 1

Yeah, absolutely yeah. And what advice would you give to somebody else who was in your position had those same symptoms?

00:01:24 Eddie

Certainly, give it a try and certainly not you have nothing to lose the old story. So yeah, yeah.

00:01:29 Speaker 1

Yeah, absolutely well I appreciate you taking the time to share your story. Do you know what treatment you're on? How many more you got to go?

00:01:38 Eddie
